TEST CATALOGUE

SPECIALIZED RESEARCH
LABORATORY

ABOUT US

Skin Lab International is a dynamically developing research center.

We shape the positive image of our company primarily through continuous market changes following ups, education, professionalism and full commitment to performed work.

We are supported by our sister companies

Institute of Dermatology,

CosLab Manufacturing Laboratory and

Idealle Aesthetic Medical Clinic.

A glass dropper with a black cap is shown on the left, tilted diagonally. A single drop of golden-yellow oil is falling from the tip, creating a trail of smaller, shimmering droplets that scatter downwards. The background is white.

**WE CONFIRM QUALITY AND SAFETY
OF COSMETIC PRODUCTS,
HOUSEHOLD CHEMICALS,
DIETARY SUPPLEMENTS,
BIOCIDALS.**

COSMETIC PRODUCT DOSSIER

FROM RECEPIE TO REGISTRATION

CREATING INNOVATIONAL RECEPIES MANUFACTURING - PRIVATE LABEL

TESTING

PHYSICOCHEMICAL TESTS

- basic physicochemical tests (pH, density, sensoric evaluation)
- product stability
- compatybility with packaging
- PAO - Period After Opening
- packaging leakproofness

MICROBIOLOGICAL TESTS

- microbiological purity according to EN ISO 17516
- challenge test
- water activity
- antibacterial properties of face care products

DERMATOLOGICAL TESTS

- dermatological test on normal and sensitive skin
- h-RIPT - dedicated for products with hypoallergenic claim
- phototoxicity
- photoallergy
- T-shirt test
- ROAT - Repeated Open Aplication Test

APPLICATION TESTS

- in-use test
- apparatus tests - measurements of skin and hair parameters
- comparative test
- sensoric evaluation

LABEL ANALYSIS SAFETY ASSESSEMENT CPNP REGISTRATION

OUR SPECIALITY

TESTS WITH VOLUNTEERS INVOLVEMENT

dermatological tests
application / in-use tests

OWN DERMATOLOGICAL AND APPLICATION
CABINETS

WIDE VOLUNTEERS BASE

HIGH QUALITY SKIN AND HAIR MEASURING
DEVICES

QUALIFIED TEAM OF SPECIALISTS

TESTS WITH COSMETIC TREATMENT

OWN COSMETIC CABINETS

COSMETIC TREATMENTS
FOR SKIN, FACE AND NAILS

CLAIMS CONFIRMATION FOR PRODUCTS
DEDICATED FOR PROFESSIONAL USE

COSMETOLOGIST OPINION

OWN INSTITUTE OF DERMATOLOGY

EXPERIANCED SPECIALISTS:
DERMATOLOGY
OPHTHALMOLOGY
GYNECOLOGY
PEDIATRICS

SUN PROTECTION PRODUCTS

- SPF in vivo test
- SPF in vitro test

MAKE-UP PRODUCTS

- hardness of pressed products
- fragility of lipsticks
- heavy metals
- spectrophotometric measurement of product colour

AEROSOLS

- particle distribution
- packaging leakproofness
- label analysis

HAIR PRODUCTS

- strength needed for hair brushing
- hair tear strength
- colour protection

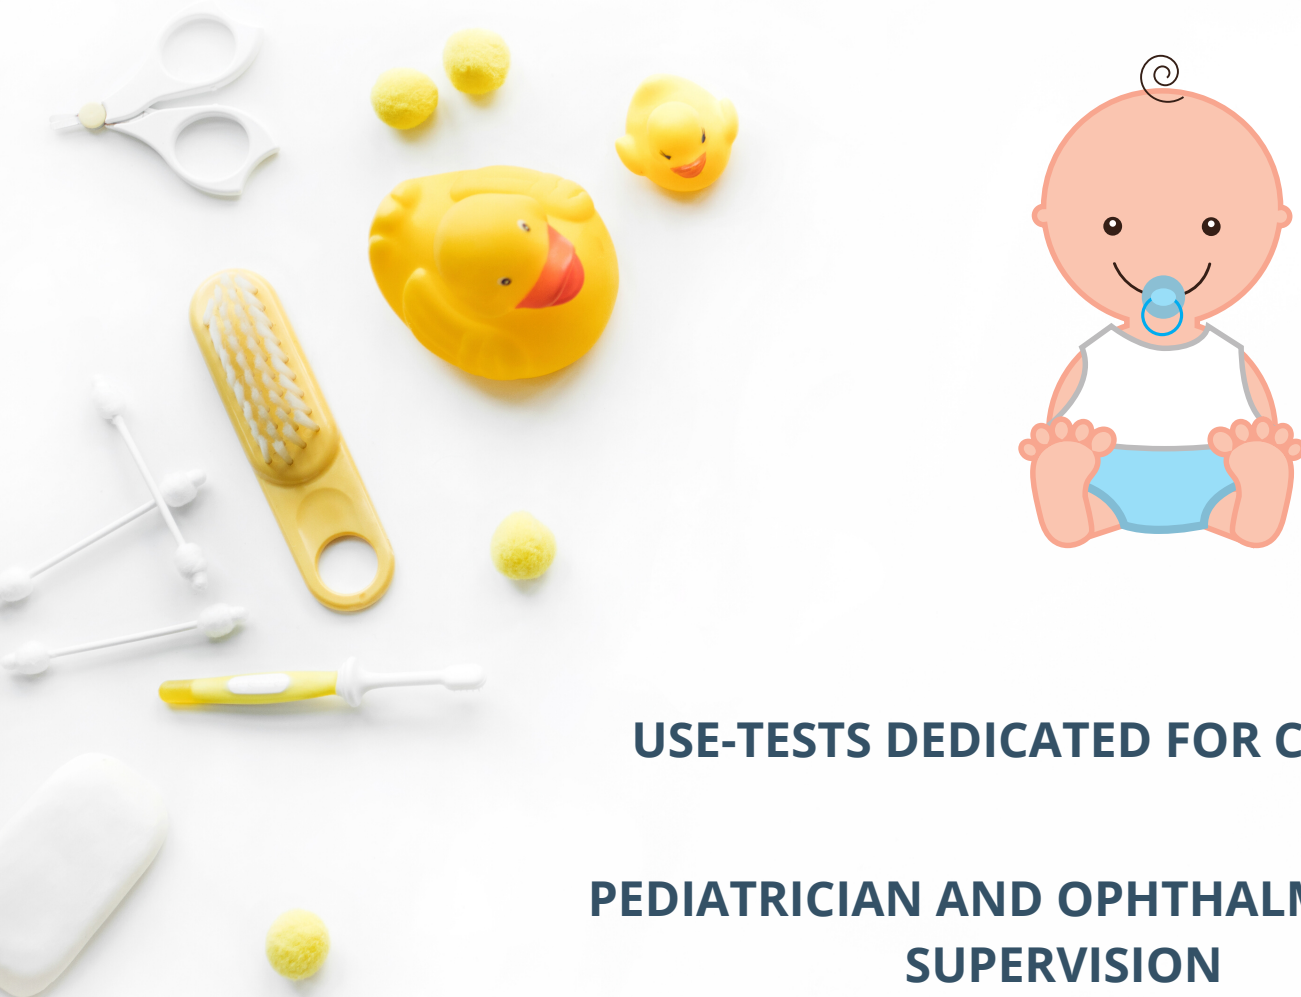

WHAT MAKES US STAND OUT?

DIETARY SUPPLEMENTS A - Z

- CREATING RECIPES / FORMAULATIONS
- MANUFACTURING
- TESTING
- SAFETY ASSESSMENT
- TOXICOLOGIST OPINION
- TOXICOLOGIST ANALYSIS OF PRODUCT FORMULATION (INGREDIENTS)
- EFFICACY EVALUATION OF SUPPLEMENT
- LABEL AND MARKING ANALYSIS

PRODUCTS FOR CHILDREN

USE-TESTS DEDICATED FOR CHILDREN

**PEDIATRICIAN AND OPHTHALMOLOGIST
SUPERVISION**

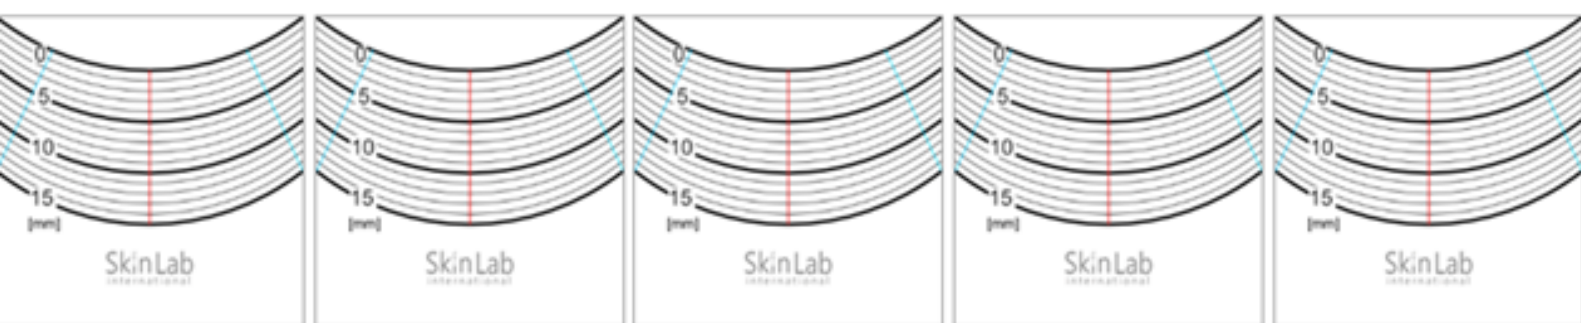

**TOTAL ABSORPTION CAPACITY OF DIAPERS
ACCORDING TO ISO 11948-1**

EFFECTIVENESS OF EYELASHES PRODUCTS

MEASUREMENTS WITH DEDICATED OWN-DESIGNED TAPE

MEASUREMENTS OF EYELASHES GROWTH MASCARA VOLUME AND LENGTHENING EFFECT

CANDLES

ASSESSMENT OF CANDLE QUALITY

VISUAL EVALUATION OF APPEARANCE

COMBUSTION PROPERTIES - EVALUATION OF
BURNING TIME

EVALUATION OF VULNERABILITY FOR
DRIPPING

WICK PROPERTIES

SOOT AND SMOKE PROPERTIES

VISUAL ASSESSMENT OF FLAME

HOUSEHOLD CHEMICALS

INNOVATIONAL RECEPIES
